#### Calamity Make-Up Days

In the event it is necessary to close school due to severe weather or public calamity, make-up instructional days may be scheduled in order as follows: End of the school year, June 3, 4, etc.

## A Message from the Superintendent

Dear Dover Families, Students, and Community Members,

Welcome to the 2018-19 school year at Dover City Schools!

As we prepare for the upcoming school year, it's important to reflect upon the accomplishments of our students and staff. Last year, we saw the groundbreaking of our new high school. That was a significant moment for our entire community, and we remain thankful for the support we receive from all of you. There is much to look forward to as we continue to see progress with the construction of our new school.

Our core vision remains "Dover Schools: Addressing Tomorrow's Challenges Today." This is our commitment to always work to educate all students to their fullest potential to become productive and responsible citizens through the coordination of parents, teachers, and our community.

In order to remain on a path of success, we must have a plan for the future. To align our actions with the expectations of our mission and vision, we have completed a strategic plan. This plan will serve as a road map for the future of our schools.

Through the work of our strategic plan, the following goals will be met:

- Close the achievement gap for all learners, and increase opportunities for extended, hands-on learning for all students.
- Improve safety and security measures and programs for all.
- Stabilize elementary enrollment.
- Develop a long-term (10-20 year) district facilities plan.
- Ensure and obtain adequate financial and educational resources for the district.

I am excited about our capacity to reach each of our goals. Everyone, from the Board of Education, our administrative team, our staff, and our community, is invested in the future of our children. Accomplishing our district goals will enable our Dover students to reach their full potential.

It is truly a great time to be a Dover Tornado!

Sincerely,

Carla Birney

Carla Birney Superintendent

#### **BOARD OF EDUCATION MEETINGS**

The Dover Board of Education meets on the second Monday of each month at 7:00 p.m. in the Board Room at Dover High School. Occasionally, a meeting is conducted at another school building. If so, advance notice is given.

### Letter to the Community

The future is bright for Dover Schools, as we look to and plan for the future with optimism and energy. Our students continue to excel in the classroom, on the playing fields, and on the stage. Our teachers continue to nurture and care for our students, challenging them to reach their full potential, while respecting the unique individuals they are.

We commit to continuing to bring our very best to the students and families we serve daily. Our promise to you, our community, is that we will give the children of this district our very best every day, and we are grateful for the opportunity to serve each of you.

We will continue to challenge all of our students to read critically and analyze information at age-appropriate levels. We will work to make learning come to life by implementing project-based learning that lets students personalize and create deep meaning to their learning.

The continued success of Dover City Schools comes from each of us – from our collective pride in the traditions and beliefs we are built upon, and current best practices and innovations in education to prepare our students to be lifelong learners in a rapidly changing society. We will embrace whatever challenges come our way and move our district forward in creating the best possible learning environment for our children.

Karie McCrate

Assistant Superintendent

Chella Wherley, PTG President

Dover High School administration and staff are honored by the community's generous vote on November 8, 2016 to pass the bond levy for a new high school. We are in the planning stages to create an excellent learning environment for students to continue the rich traditions of Dover while preparing for the future. Your continued support for all of our programs is greatly appreciated.

Dover High School has been recognized by US News and World Report as "One of America's Best High Schools," receiving a Silver Medal the last five years. The high school staff works diligently to provide a great foundation for all students and believes education is the foundation of a productive, successful life. Along with our traditional course offerings, Dover High School offers ten Advanced Placement courses, two dual-credit classes and several honors courses. There are more than twenty athletic opportunities where students can compete at an individual or team level. Students are encouraged to participate in our award-winning performing and visual arts programs, both in the classroom and after school. In addition, a variety of clubs are offered for students to become involved with others who share common interests and goals. We believe developing the whole student academically, athletically and socially helps prepare the student for a future beyond the high school doors.

Dover High School faculty and staff are pleased to serve Dover students and the community with both pride and tradition. **Go Dover!!** 

**Creating the Leaders of Tomorrow**

### Grades 6 – 8 Jack Edwards, Principal Kurt Reveal, Assistant Principal

Sandra Wertman, Secretary Vera Moser, Secretary Julie Smith, Guidance Counselor Dawn Christmas, PTG President

## Dover Middle School is an exciting building to attend!

Dover Middle School is a student-centered place committed to the educational growth and success of each of our students. Housing grades 6, 7, and 8, we realize the incredible responsibility it is to educate the middle school age child and strive to meet the needs of every student with us as they navigate through this particularly important and formative stage of educational and personal development.

With our building theme of GRIT (G: Gumption, R: Resilience, I: Initiative, and T: Tenacity), students are encouraged, during their time at Dover Middle School, to work hard and to give 100% to all that they do. In doing so, we hope that students learn and, ultimately, value a lesson that will benefit them all of their lives: with GRIT, anything is possible!

Additionally, Dover Middle School provides a wealth of learning opportunities for students. Those opportunities include a range of language arts and math courses for every type of learner, high school credit options for qualifying students, and elective courses such as Project Lead the Way. For those interested in music, our band, choir, and orchestra programs provide an excellent foundation for students to explore their musical talents.

Not only do we provide academic and music outlets for our students, Dover Middle School also offers a variety of sports for our athletically-interested students. We also offer Power of the Pen for those who like to write and our DOCK program (Dover Caring Kids) for all students who know and understand the power of giving back to one's community.

We believe Dover Middle School is a great place to learn and know that together with our staff, our students, our families, and our community, it will continue to be just that, as we evolve in the world of 21st century learning with the priority of creating lifelong learners!

## DOVER AVENUE ELEMENTARY SCHOOL

125 West Thirteenth Street • Dover, Ohio 44622 330-364-7117

> Kindergarten – Grade 5 Renee Sattler, Principal Kathy Shutt, Secretary Cortney Steed, PTG President

Dover Avenue Elementary serves students in Kindergarten through Grade 5.

A well trained, cooperative staff uses a variety of techniques to foster group interaction and individual learning. The support and commitment of parents, students and staff all working together as one cohesive group, results in a quality education for our children.

Our Dover Avenue PTG provides many "extras" for our students and this group of dedicated volunteers is vital to our overall school environment and atmosphere. We are able to provide so much more for our students because of the efforts of our PTG.

Many opportunities are provided by our school to encourage student involvement in their own academic and social growth. Students have the opportunity to participate in a variety of activities: Band, Orchestra, Study Club, Intervention Sessions, Sign Language Club, Book Bunch, Student Council, etc.

We are committed to the education of our students while also providing a climate in which students flourish emotionally and socially. When students are challenged as individuals and praised for their efforts and accomplishments, they come to know the true joy of learning.

Thus our motto:

### "Dover Avenue...A Great Place to Learn"

## JANUARY 2019

Children who will be five years old before August 1, 2019, are to be enrolled for fall kindergarten classes.

Check with the elementary school in your attendance area for specific details regarding enrollment. Enrollment runs January 7 through March I.

## **EAST ELEMENTARY SCHOOL**

325 Betscher Avenue • Dover, Ohio 44622 330-364-7114

> Kindergarten – Grade 5 Zach Zesiger, Principal Sherry Harriff, Secretary Robin Griesen, PTG President

Welcome to Dover East Elementary! We are proud of the solid tradition of academic success at our school as well as the experiences we are able to provide our students during these very formative and foundational years of their educational careers.

Our school is the home to over 500 students in grades kindergarten through five. A staff of approximately 50 professionals provides learning, educational support, and various services through blending experience and enthusiasm to best meet the needs of our students. To note, we have several enhancement programs that offer supplemental help in reading, math, speech, and language skills. Students at East Elementary also have the opportunity to participate in an array of additional curriculum selections such as music, cultural arts, and recreational activities. Band and orchestra programming, key components to our district music department, are available to our fifth grade students for exploration and study as they begin the process of interest discovery during their last year of elementary school.

Because we understand the importance of educating the "whole child," as evidenced by the variety of options students are offered during their time here, we likewise provide extracurricular opportunities including student council, the science fair, "Taking It to the Schools," and the Accelerated Reader program; moreover, athletic opportunities are available to our students in various forms within our local community.

In addition to a top-notch, hard-working staff and our student-centered programming, East Elementary's PTG and community volunteers are an extremely valuable support and resource to our students and our school community. Their dedication is an important contributor to the positive experience facilitated for every student at East Elementary.

We believe East Elementary School is a great place to be, and together with our school community and local community, our students are given an environment in which they can grow and learn each and every day!

## SOUTH ELEMENTARY SCHOOL

280 E. Shafer Avenue • Dover, Ohio 44622-2160 330-364-7111

> Preschool – Grade 5 **Tracie Murphy, Principal** Darla Polce, Secretary Michelle Hirning, PTG President

At South School, we take pride in providing a safe, positive and welcoming environment where all children have the opportunity to succeed. We have a dedicated staff that puts the needs of students at the forefront of all they do.

Our students have the opportunity to participate in a variety of activities and programs including; Accelerated Reader, student council, band, "Takin it to the Schools," Big Brothers/Big Sisters, orchestra, choir, Young Authors, and the County Math Tournament. Students can also take advantage of our walking club and basketball club which are held before school. During the 2017/2018 school year, we added a morning reading program for third grade students and we also expanded our after school intervention sessions to include enrichment opportunities. These are just a few of the experiences that are available to our students at South.

It is a priority at South for students to learn the value of "giving back." Our students participated in many service projects such as Relay for Life, Coats for Kids, and Rainbow Connection's coin challenge. Our student council also sponsored several activities throughout the year including Spirit Days to raise money for a variety of charities.

Our "Recess Rally" was a HUGE success again this past year. Our students, families and sponsors raised over \$12,000 to make needed improvements. We appreciate all of the families and community members that have continued to support this event. Watch for the new additions and more improvements coming soon.

South School houses over 400 students in grades preschool through fifth grade. Our preschool program earned a 5 star rating, the highest possible, from The Ohio Department of Education for the second year in a row for providing a quality program for children ages 3-5.

In addition to the opportunities provided by our teachers and staff, our South School PTG provides many fun and educational activities such as assemblies, field trips, and Santa Shop just to name a few. Thank you to our PTG for all they do.

We are looking forward to working together for another exciting and successful school year!

#### SOUTH SCHOOL MISSION STATEMENT

The South School Community will provide opportunities for all children to grow academically and socially in a positive environment that encourages and strives for success.

\*Actual enrollment in October, 2017. Information is from the Ohio Department of Education, the Education Management Information System (EMIS), and District Report. The calculations for the years 2017-2027 represent enrollment projections based on actual enrollment for 2016-2017, past enrollment patterns, and best estimates of community growth.

## **Enrollment Data**

In 2017-2018 the actual enrollment as reported to the Ohio Department of Education was 2,823 students. There were 1,504 boys and 1,319 girls enrolled. The ethnic composition was 0.1% Asian, 2% Black, 84% White, 11% Hispanic, 3% Multi-Racial, and 0.1% Indian.

The 2017-2018 school year was the fifteenth year for open enrollment in Dover City Schools. Approximately 196 students were open enrolled.

It is the policy of Dover Schools to provide an equal opportunity for all students to achieve their maximum potential through the classroom and extracurricular programs offered in the district regardless of race, color, creed, handicap, religion, sex, ancestry, national origin, place of residence, or socioeconomic background.

### STATE AND LOCAL TESTING

**Grades 3-8 Achievement Tests:** Achievement Tests are based on the state content standards. In grades three through eight, students are tested in reading and math every year. Science knowledge is assessed in grades five and eight.

ACT: In Spring of 2018, all Juniors took the ACT

**End of Course Exams:** Beginning with the students who were freshmen in the 2014-15 school year, students taking certain high school classes are required to take an end of course assessment. These classes include Algebra I, Geometry, Language Arts 9 & 10, Biology, American History and American Government.

### STUDENT ASSESSMENT IN THE DOVER SCHOOLS

The individual student's academic growth and ability are measured throughout the student's educational career. The results of the standardized testing are also used to assist in curriculum development and for planning instructional goals. The following standardized tests are given and are part of the student's school record:

- Otis-Lennon Ability Test: Grades 2 & 3
- Measures of Academic Progress: Grades I-I2
- Ohio Third Grade Reading Achievement Test and Math Test
- Fourth Grade ELA and Math Achievement Tests
- Fifth Grade ELA and Math and Ohio Science Achievement Tests
- Sixth Grade ELA and Math Achievement Tests
- Seventh Grade ELA and Math Achievement Tests
- Eighth Grade ELA and Math and Ohio Science Achievement Tests
- ASPIRE: Optional, Grades 8 & 10
- Preliminary Scholastic Aptitude Test (PSAT): Optional, Grade 11
- Armed Services Vocational Aptitude Battery: Optional, Grades 11 & 12
- American College Test (ACT): Grade 11 and Optional Additional for Grades 11 & 12
- Scholastic Aptitude Test (SAT): Optional, Grades 11 & 12

Parents may request a review of their child's test data either during regularly scheduled conferences or by making an appointment with the school principal or counselor.

**Measures of Academic Progress:** These online assessments indicate a student's growth compared to the district and national averages. Student achievement is measured in reading, math, and language arts.

**ACT and SAT Tests:** Each year 75-80% of DHS juniors and seniors opt to take the ACT test. Their composite scores have consistently been above the state and national averages. To help students prepare for the ACT and ensure college readiness, ASPIRE tests are given to eighth graders and sophomores. Many high school students also participate in the PSAT/NMSQT in preparation for the SAT. Some Dover students take the SAT for the purpose of college admission.

### **Child Nutrition Services**

Angela Welch, Food Service Director

Our program follows the USDA nutritional guidelines and the Hunger Alliance Standards for a Healthier Generation to ensure your children are receiving the highest quality meals. It is the goal of the department to teach and encourage lifelong healthy eating habits while using fresh local foods for our students. The department would encourage parents to have students participate in both our breakfast and lunch programs to ensure the highest nutritional meals at an economical cost to your families. Dover City Schools uses an electronic point of sale program in all our buildings. This allows parents to deposit any amount of money into your child's account while keeping information private. Parents also have the ability to monitor and add money to their child's account by setting up an account at the payschoolscentral.com web site, which has a free mobile app to download for easy access. We encourage you to use our online application for the free or reduced lunch program through our school's website or request an application from any school building should you have a need for this program. Please contact our Food Service Director at 330-364-7103 for any questions regarding our food service program. Thank you for letting us be a part of your child's day at Dover City School.

### **Maintenance Services**

Colin Eichel, Maintenance Supervisor

Taking care of five Dover City Schools buildings, as well as the stadium, requires the full-time efforts

## **SUPPORT SERVICES**

of our custodial and maintenance staff. It requires diligent upkeep and repairs during the school year and throughout the summer months. Continually integrating modern upgrades and new technology into the old buildings is an interesting challenge.

The Dover City Schools maintenance and custodial teams work together to provide an environment that is clean, sanitary, and safe. The school properties belong to the community. We strive to support the maintenance of the school district's buildings and grounds to serve both the students and the community.

### **Community Involvement**

Parental and community involvement is vital to the educational programs in the Dover Schools. This involvement takes many forms. Hundreds of hours are logged by parents and community members who volunteer to serve as tutors, classroom helpers, and assistants in the computer centers and libraries.

The PTGs raise needed funds for everything from playground equipment to college scholarships. The music boosters, athletic boosters, downtown merchants and business people generously lend their time, talents, and finances to help provide a better education for all the youngsters of Dover.

The Dover Schools are fortunate to have such an extremely active, concerned, and supportive community.

### **Transportation Services**

Colin Eichel, Transportation Supervisor Barbara White, Transportation Coordinator Beth Hershberger, Transportation Coordinator 330-364-7109 Travel by school bus provides the safest form of transportation available for students, especially here in Ohio. Strict regulations govern the structure of a school bus as well as the training of all bus drivers. All drivers are trained to be alert to hazards both inside and outside of the bus. They also are required to attend additional periodic training as a continuous process to make sure students have a safe ride to and from school, as well as on field trips and other events. The Dover City Schools transportation team strives to provide better than the best when it comes to safe transportation of the students.

Approximately 1,200 students ride Dover school buses daily. Our buses and vans travel almost 1,200 total miles every day taking children safely to school every morning, and returning them home every afternoon.

### **Health Care Services**

There are two nurses that provide health care services for Dover City Schools. Sherry Patterson, R.N. is the school nurse at Dover Ave. Elementary. East Elementary, and the Middle School. Kelli Mossor, R.N. is the nurse at South Elementary and the High School. Together, they are responsible for implementing health screenings and maintaining immunization records as required by the State of Ohio. In addition, the nurses supervise medication administration, develop individualized health plans for students, make health referrals, provide first aid and develop programs that promote good health for students and staff, and help to ensure that students can attain their fullest academic potential in spite of an array of health issues. The school's nurses are available at their respective buildings by phone or email.

## **SPECIAL PROGRAMS**

In response to the needs of all students, Dover Schools offers a wide range of programs and special services.

### **Gifted Program**

The TAG (Talented and Gifted) program serves identified students in grades 2, 3, 4, and 5. Individualized instruction is provided in the regular classroom and also a pull-out program for grades 3, 4, and 5. Course work is compacted in various curriculum areas to allow time for more advanced skill development.

### **Substance Abuse Prevention**

Health educators are hired for eighth through twelfth grades. In addition to the core health curriculum, there are units on drug and alcohol abuse prevention. Students, K-12, are involved in activities to promote drug-free lifestyles. "Just Say NO" clubs, "Tornadoes Against Destructive Decisions," "Taking it to the Schools," the Red Ribbon Program, Youth 2 Youth, and Prom Promise are a few of the programs offered.

### **Federally Funded Programs**

The following federally funded programs provide supplemental services to students.

#### Title I

Title I is a federally funded program that provides financial assistance to the Dover City Schools to meet the educational needs of underachieving students who meet the selection criteria. The extra instructional assistance helps the students succeed in the regular program, attain grade-level proficiency, and improve in their achievement. Annually, the district receives an allocation of funds and must prioritize grade-level needs. Staff and parents are invited to participate in the evaluation and planning of the yearly program. Title I funds are currently being used to support the reading program at East, South, and Dover Avenue.

#### Title II-A

Title II-A funds are provided to local schools by the federal government for teacher professional development, recruitment, and hiring. Class-size reduction is a feature of this program along with providing staff development opportunities for all teachers. These funds are used to employ additional staff to reduce class size in grades K-5. The impact of additional staff at this level has allowed more oneon-one instruction for all students.

#### **IDEA-B**

The IDEA-B is a federally funded program which makes funds available to school districts based on the number of students with identified disabilities as reported on December I of each year. Funds are used to provide additional staff to work with students with disabilities. Direct service to children with disabilities is the top priority for these expenditures.

Dover City Schools receives IDEA-B funds for the purpose of the education of children with disabilities. Annually, at the September Board of Education Meeting, discussion will be held regarding how the District will spend its IDEA-B funds and time will be allowed for public comment.

## The Education of Children with Disabilities

The Dover City Schools provide all of the programs required in accordance with program standards adopted by the Ohio Department of Education, federal guidelines, and Dover's comprehensive plan for special education under IDEIA (Individuals with

Disabilities Education Improvement Act).

Special education services to eligible students offered by Dover Schools include speech, language, physical and occupational therapy, classroom resource/inclusion services to students identified with learning disabilities, cognitive disabilities, autism, multiple disabilities, hearing, vision, orthopedic and other health impairments, emotional disturbance, and traumatic brain injury.

An integrated preschool program for children with disabilities and typically developing children is provided for students ages three to five who meet eligibility.

### **PROJECT OHIO**

#### (Ohio Handicapped Identification Operation)

Schools across the state are cooperating in an endeavor to **locate, identify,** and **evaluate** all children with disabilities who are under the age of 21 years and who are not yet receiving special education through public schools.

For referrals and for more information, please contact

Office of Student Services Gina Franks, Director 330-364-7124
