EVALUACIÓN FÍSICA PREVIA A LA PARTICIPACIÓN – 2023-2024

FORMULARIO DE HISTORIAL CLÍNICO

Nota: Complete y firme este formulario (con la supervisión de sus padres si es menor de 18 años) antes de acudir a su cita.

Nombre:_____ Fecha de nacimiento: _____

Fecha del examen médico: _____ Deporte(s): _____

Sexo que se le asignó al nacer (F, M o intersexual):_____¿Con cuál género se identifica? (F, M u otro): _____

Mencione los padecimientos médicos pasados y actuales que haya tenido. _____

¿Alguna vez se le practicó una cirugía? Si la respuesta es afirmativa, haga una lista de todas sus cirugías previas. _____

Medicamentos y suplementos: Enumere todos los medicamentos recetados, medicamentos de venta libre y suplementos (herbolarios y nutricionales) que consume. _____

¿Sufre de algún tipo de alergia? Si la respuesta es afirmativa, haga una lista de todas sus alergias (por ejemplo, a algún medicamento, al polen, a los alimentos, a las picaduras de insectos).

Cuestionario sobre la salud del paciente versión 4 (PHQ-4)

Durante las últimas dos semanas, ¿con qué frecuencia experimentó alguno de los siguientes problemas de salud? (Encierre en un círculo la respuesta)

	Ningún día	Varios días	Más de la mitad de los días	Casi todos los días
Se siente nervioso, ansioso o inquieto	0	1	2	3
No es capaz de detener o controlar la preocupación	0	1	2	3
Siente poco interés o satisfacción por hacer cosas	0	1	2	3
Se siente triste, deprimido o desesperado	0	1	2	3

(Una suma ≥3 se considera positiva en cualquiera de las subescalas, [preguntas 1 y 2 o preguntas 3 y 4] a fin de obtener un diagnóstico).

PREGUNTAS GENERALES (Dé una explicación para las preguntas en las que contestó "Sí", en la parte final de este formulario. Encierre en un círculo las preguntas si no sabe la respuesta).	**Sí**	**No**
1. ¿Tiene alguna preocupación que le gustaría discutir con su proveedor de servicios médicos?		
2. ¿Alguna vez un proveedor de servicios médicos le prohibió o restringió practicar deportes por algún motivo?		
3. ¿Padece algún problema médico o enfermedad reciente?		
PREGUNTAS SOBRE SU SALUD CARDIOVASCULAR	**Sí**	**No**
4. ¿Alguna vez se desmayó o estuvo a punto de desmayarse mientras hacía, o después de hacer, ejercicio?		

PREGUNTAS SOBRE SU SALUD CARDIOVASCULAR (*CONTINUACIÓN*)	**Sí**	**No**
5. ¿Alguna vez sintió molestias, dolor, compresión o presión en el pecho mientras hacía ejercicio?		
6. ¿Alguna vez sintió que su corazón se aceleraba, palpitaba en su pecho o latía intermitentemente (con latidos irregulares) mientras hacía ejercicio?		
7. ¿Alguna vez un médico le dijo que tiene problemas cardíacos?		
8. ¿Alguna vez un médico le pidió que se hiciera un examen del corazón? Por ejemplo, electrocardiografía (ECG) o ecocardiografía.		
9. Cuando hace ejercicio, ¿se siente mareado o siente que le falta el aire más que a sus amigos?		
10. ¿Alguna vez tuvo convulsiones?		

PREGUNTAS SOBRE LA SALUD CARDIOVASCULAR DE SU FAMILIA	Sí	No
11. ¿Alguno de los miembros de su familia o pariente murió debido a problemas cardíacos o tuvo una muerte súbita e inesperada o inexplicable antes de los 35 años de edad (incluyendo muerte por ahogamiento o un accidente automovilístico inexplicables)?		
12. ¿Alguno de los miembros de su familia padece un problema cardíaco genético como la miocardiopatía hipertrófica (HCM), el síndrome de Marfan, la miocardiopatía arritmogénica del ventrículo derecho (ARVC), el síndrome del QT largo (LQTS), el síndrome del QT corto (SQTS), el síndrome de Brugada o la taquicardia ventricular polimórfica catecolaminérgica (CPVT)?		
13. ¿Alguno de los miembros de su familia utilizó un marcapasos o se le implantó un desfibrilador antes de los 35 años?		
PREGUNTAS SOBRE LOS HUESOS Y LAS ARTICULACIONES	**Sí**	**No**
14. ¿Alguna vez sufrió una fractura por estrés o una lesión en un hueso, músculo, ligamento, articulación o tendón que le hizo faltar a una práctica o juego?		
15. ¿Sufre alguna lesión ósea, muscular, de los ligamentos o de las articulaciones que le causa molestia?		
PREGUNTAS SOBRE CONDICIONES MÉDICAS	**Sí**	**No**
16. ¿Tose, sibila o experimenta alguna dificultad para respirar durante o después de hacer ejercicio?		
17. ¿Le falta un riñón, un ojo, un testículo (en el caso de los hombres), el bazo o cualquier otro órgano?		
18. ¿Sufre dolor en la ingle o en los testículos, o tiene alguna protuberancia o hernia dolorosa en la zona inguinal?		
19. ¿Padece erupciones cutáneas recurrentes o que aparecen y desaparecen, incluyendo el herpes o Staphylococcus aureus resistente a la meticilina (MRSA)?		

PREGUNTAS SOBRE CONDICIONES MÉDICAS (*CONTINUACIÓN*)	Sí	No
20. ¿Alguna vez sufrió un traumatismo craneoencefálico o una lesión en la cabeza que le causó confusión, un dolor de cabeza prolongado o problemas de memoria?		
21. ¿Alguna vez sintió adormecimiento, hormigueo, debilidad en los brazos o piernas, o fue incapaz de mover los brazos o las piernas después de sufrir un golpe o una caída?		
22. ¿Alguna vez se enfermó al realizar ejercicio cuando hacía calor?		
23. ¿Usted o algún miembro de su familia tiene el rasgo drepanocítico o padece una enfermedad drepanocítica?		
24. ¿Alguna vez tuvo o tiene algún problema con sus ojos o su visión?		
25. ¿Le preocupa su peso?		
26. ¿Está tratando de bajar o subir de peso, o alguien le recomendó que baje o suba de peso?		
27. ¿Sigue alguna dieta especial o evita ciertos tipos o grupos de alimentos?		
28. ¿Alguna vez sufrió un desorden alimenticio?		
ÚNICAMENTE MUJERES	**Sí**	**No**
29. ¿Ha tenido al menos un periodo menstrual?		
30. ¿A los cuántos años tuvo su primer periodo menstrual?		
31. ¿Cuándo fue su periodo menstrual más reciente?		
32. ¿Cuántos periodos menstruales ha tenido en los últimos 12 meses?		

Proporcione una explicación aquí para las preguntas en las que contestó "Sí".

1. Consider additional questions on more-sensitive issues.
   - Do you feel stressed out or under a lot of pressure?
   - Do you ever feel sad, hopeless, depressed, or anxious?
   - Do you feel safe at your home or residence?
   - Have you ever tried cigarettes, e-cigarettes, chewing tobacco, snuff, or dip?
   - During the past 30 days, did you use chewing tobacco, snuff, or dip?
   - Do you drink alcohol or use any other drugs?
   - Have you ever taken anabolic steroids or used any other performance-enhancing supplement?
   - Have you ever taken any supplements to help you gain or lose weight or improve your performance?
   - Do you wear a seat belt, use a helmet, and use condoms?
2. Consider reviewing questions on cardiovascular symptoms (Q4–Q13 of History Form).

MEDICAL ELIGIBILITY FORM

Name: _____ Date of Birth: _____ Grade in School: _____

☐ Medically eligible for all sports without restriction

☐ Medically eligible for all sports without restriction with recommendations for further evaluation or treatment of

_____

_____

☐ Medically eligible for certain sports

_____

_____

☐ Not medically eligible pending further evaluation

☐ Not medically eligible for any sports

Recommendations: _____

_____

_____

I have examined the student named on this form and completed the preparticipation physical evaluation. The athlete does not have apparent clinical contraindications to practice and can participate in the sport(s) as outlined on this form. A copy of the physical examination findings is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the medical eligibility until the problem is resolved and the potential consequences are completely explained to the athlete (and parents or guardians).

PREPARTICIPATION PHYSICAL EVALUATION | 2023-2024

THE STUDENT SHALL NOT BE CLEARED TO PARTICIPATE IN INTERSCHOLASTIC ATHLETICS UNTIL THIS FORM HAS BEEN SIGNED AND RETURNED TO THE SCHOOL

OHSAA AUTHORIZATION FORM | 2023-2024

I hereby authorize the release and disclosure of the personal health information of _____ ("Student"), as described below, to _____ ("School").

The information described below may be released to the School principal or assistant principal, athletic director, coach, athletic trainer, physical education teacher, school nurse or other member of the School's administrative staff as necessary to evaluate the Student's eligibility to participate in school sponsored activities, including but not limited to interscholastic sports programs, physical education classes or other classroom activities.

Personal health information of the Student which may be released and disclosed includes records of physical examinations performed to determine the Student's eligibility to participate in school sponsored activities, including but not limited to the Pre-participation Evaluation form or other similar document required by the School prior to determining eligibility of the Student to participate in classroom or other School sponsored activities; records of the evaluation, diagnosis and treatment of injuries which the Student incurred while engaging in school sponsored activities, including but not limited to practice sessions, training and competition; and other records as necessary to determine the Student's physical fitness to participate in school sponsored activities.

The personal health information described above may be released or disclosed to the School by the Student's personal physician or physicians; a physician or other health care professional retained by the School to perform physical examinations to determine the Student's eligibility to participate in certain school sponsored activities or to provide treatment to students injured while participating in such activities, whether or not such physicians or other health care professionals are paid for their services or volunteer their time to the School; or any other EMT, hospital, physician or other health care professional who evaluates, diagnoses or treats an injury or other condition incurred by the student while participating in school sponsored activities.

I understand that the School has requested this authorization to release or disclose the personal health information described above to make certain decisions about the Student's health and ability to participate in certain school sponsored and classroom activities, and that the School is a not a health care provider or health plan covered by federal HIPAA privacy regulations, and the information described below may be redisclosed and may not continue to be protected by the federal HIPAA privacy regulations. I also understand that the School is covered under the federal regulations that govern the privacy of educational records, and that the personal health information disclosed under this authorization may be protected by those regulations.

I also understand that health care providers and health plans may not condition the provision of treatment or payment on the signing of this authorization; however, the Student's participation in certain school sponsored activities may be conditioned on the signing of this authorization.

I understand that I may revoke this authorization in writing at any time, except to the extent that action has been taken by a health care provider in reliance on this authorization, by sending a written revocation to the school principal (or designee) whose name and address appears below.

Name of Principal: _____

School Address: _____

This authorization will expire when the student is no longer enrolled as a student at the school.

NOTE: IF THE STUDENT IS UNDER 18 YEARS OF AGE, THIS AUTHORIZATION MUST BE SIGNED BY A PARENT OR LEGAL GUARDIAN TO BE VALID. IF THE STUDENT IS 18 YEARS OF AGE OR OVER, THE STUDENT MUST SIGN THIS AUTHORIZATION PERSONALLY.

_____

Student's Signature — Birth date of Student, including year

_____

Name of Student's personal representative, if applicable

I am the Student's (check one): _____ Parent _____ Legal Guardian (documentation must be provided)

_____

Signature of Student's personal representative, if applicable — Date

A copy of this signed form has been provided to the student or his/her personal representative

PREPARTICIPATION PHYSICAL EVALUATION | 2023-2024

2023-2024 Ohio High School Athletic Association Eligibility and Authorization Statement

This document is to be signed by the participant from an OHSAA member school and by the participant's guardian

I have read, understand and acknowledge receipt of the **OHSAA Student Eligibility Guide and Checklist** (https://ohsaaweb.blob.core.windows.net/files/Eligibility/OtherEligibiltyDocs/EligibilityGuideHS.pdf) which contains a summary of the eligibility rules of the Ohio High School Athletic Association. I understand that a copy of the *OHSAA Handbook* is on file with the principal and athletic administrator and that I may review it, in its entirety, if I so choose. All OHSAA bylaws and regulations from the *Handbook* are also posted on the OHSAA website at ohsaa.org.
I understand that an OHSAA member school must **adhere to all rules and regulations** that pertain to the interscholastic athletics programs that the school sponsors, but that local rules may be more stringent than OHSAA rules.
I understand that participation in interscholastic athletics is a **privilege not a right**.

Student Code of Responsibility

As a student athlete, I **understand and accept** the following responsibilities:

- I will **respect the rights and beliefs** of others and will treat others with courtesy and consideration.
- I will be **fully responsible** for my own actions and the consequences of my actions.
- I will **respect the property** of others.
- I will **respect and obey the rules** of my school and laws of my community, state and country.
- I will **show respect to those who are responsible for enforcing the rules** of my school and the laws of my community, state and country.
- I **understand that a student whose character or conduct violates** the school's Athletic Code or School Code of Responsibility is not in good standing and is ineligible for a period as determined by the principal.

Informed Consent – By its nature, participation in interscholastic athletics includes risk of injury and transmission of infectious disease such as HIV and Hepatitis B. Although serious injuries are not common and the risk of HIV transmission is almost nonexistent in supervised school athletic programs, it is impossible to eliminate all risk. Participants have a responsibility to help reduce that risk. Participants must obey all safety rules, report all physical and hygiene problems to their coaches, follow a proper conditioning program, and inspect their own equipment daily. **PARENTS, GUARDIANS OR STUDENTS WHO MAY NOT WISH TO ACCEPT RISK DESCRIBED IN THIS WARNING SHOULD NOT SIGN THIS FORM. STUDENTS MAY NOT PARTICIPATE IN AN OHSAA-SPONSORED SPORT WITHOUT THE STUDENT'S AND PARENT'S/GUARDIAN'S SIGNATURE.**

- I understand that in the case of **injury or illness requiring treatment by medical personnel and transportation to a health care facility**, that a reasonable attempt will be made to contact the parent or guardian in the case of the student-athlete being a minor, but that, if necessary, the student-athlete will be treated and transported via ambulance to the nearest hospital.
- I **consent to medical treatment** for the student following an injury or illness suffered during practice and/or a contest.
- To enable the OHSAA to determine whether the herein named student is eligible to participate in interscholastic athletics in an OHSAA member school, I **consent to the release to the OHSAA any and all portions of school record files**, beginning with seventh grade, of the herein named student, specifically including, without limiting the generality of the foregoing, birth and age records, name and residence address of parent(s)or guardian(s), enrollment documents, financial and scholarship records, residence address of the student, academic work completed, grades received and attendance data.
- I **consent to the OHSAA's use of the herein named student's name**, likeness, and athletic-related information in reports of contests, promotional literature of the Association and other materials and releases related to interscholastic athletics.
  I **understand that if I drop a class**, take course work through College Credit Plus, Credit Flexibility or other educational options, this action could affect compliance with OHSAA academic standards and my eligibility. **I accept full responsibility** for compliance with Bylaw 4-4, Scholarship, and the passing five credit standard expressed therein.
- I **understand all concussions are potentially serious** and may result in complications including prolonged brain damage and death if not recognized and managed properly. Further I understand that if my student is removed from a practice or competition due to a suspected concussion, he or she will be unable to return to participation that day. After that day written authorization from a physician (M.D. or D.O.) or another health care provider working under the supervision of a physician will be required in order for the student to return to participation.
- I **have read and signed** the Ohio Department of Health's **Concussion Information Sheet** and have retained a copy for myself.
- I **have read and signed** the Ohio Department of Health's **Sudden Cardiac Arrest Information Sheet** and have retained a copy for myself.

By signing this we acknowledge that we have read the above information and that we consent to the herein named student's participation.

***Must Be Signed Before Physical Examination**

Ohio Department of Health Concussion Information Sheet

For Interscholastic Athletics

Dear Parent/Guardian and Athletes,

This information sheet is provided to assist you and your child in recognizing the signs and symptoms of a concussion. Every athlete is different and responds to a brain injury differently, so seek medical attention if you suspect your child has a concussion. Once a concussion occurs, it is very important your athlete return to normal activities slowly, so he/she does not do more damage to his/her brain.

What is a Concussion?

A concussion is an injury to the brain that may be caused by a blow, bump, or jolt to the head. Concussions may also happen after a fall or hit that jars the brain. A blow elsewhere on the body can cause a concussion even if an athlete does not hit his/her head directly. Concussions can range from mild to severe, and athletes can get a concussion even if they are wearing a helmet.

Signs and Symptoms of a Concussion

Athletes do not have to be "knocked out" to have a concussion. In fact, less than 1 out of 10 concussions result in loss of consciousness. Concussion symptoms can develop right away or up to 48 hours after the injury. Ignoring any signs or symptoms of a concussion puts your child's health at risk!

Signs Observed by Parents of Guardians

- *Appears dazed or stunned.*
- *Is confused about assignment or position.*
- *Forgets plays.*
- *Is unsure of game, score or opponent.*
- *Moves clumsily.*
- *Answers questions slowly.*
- *Loses consciousness (even briefly).*
- *Shows behavior or personality changes (irritability, sadness, nervousness, feeling more emotional).*
- *Can't recall events before or after hit or fall.*

Symptoms Reported by Athlete

- *Any headache or "pressure" in head. (How badly it hurts does not matter.)*
- *Nausea or vomiting.*
- *Balance problems or dizziness.*
- *Double or blurry vision.*
- *Sensitivity to light and/or noise*
- *Feeling sluggish, hazy, foggy or groggy.*
- *Concentration or memory problems.*
- *Confusion.*
- *Does not "feel right."*
- *Trouble falling asleep.*
- *Sleeping more or less than usual.*

Be Honest

Encourage your athlete to be honest with you, his/her coach and your health care provider about his/her symptoms. Many young athletes get caught up in the moment and/or feel pressured to return to sports before they are ready. It is better to miss one game than the entire season… or risk permanent damage!

Seek Medical Attention Right Away

Seeking medical attention is an important first step if you suspect or are told your child has a concussion. A qualified health care professional will be able to determine how serious the concussion is and when it is safe for your child to return to sports and other daily activities.

- *No athlete should return to activity on the same day he/she gets a concussion.*
- *Athletes should NEVER return to practices/games if they still have ANY symptoms.*
- *Parents and coaches should never pressure any athlete to return to play.*

The Dangers of Returning Too Soon

Returning to play too early may cause Second Impact Syndrome (SIS) or Post-Concussion Syndrome (PCS). SIS occurs when a second blow to the head happens before an athlete has completely recovered from a concussion. This second impact causes the brain to swell, possibly resulting in brain damage, paralysis, and even death. PCS can occur after a second impact. PCS can result in permanent, long-term concussion symptoms. The risk of SIS and PCS is the reason why no athlete should be allowed to participate in any physical activity before they are cleared by a qualified healthcare professional.

Recovery

A concussion can affect school, work, and sports. Along with coaches and teachers, the school nurse, athletic trainer, employer, and other school administrators should be aware of the athlete's injury and their roles in helping the child recover.

During the recovery time after a concussion, physical and mental rest are required. A concussion upsets the way the brain normally works and causes it to work longer and harder to complete even simple tasks. Activities that require concentration and focus may make symptoms worse and cause the brain to heal slower. Studies show that children's brains take several weeks to heal following a concussion.

Rev. 09.16

Returning to Daily Activities

1. Be sure your child gets plenty of rest and enough sleep at night – no late nights. Keep the same bedtime weekdays and weekends.
2. Encourage daytime naps or rest breaks when your child feels tired or worn-out.
3. Limit your child's activities that require a lot of thinking or concentration (including social activities, homework, video games, texting, computer, driving, job-related activities, movies, parties). These activities can slow the brain's recovery.
4. Limit your child's physical activity, especially those activities where another injury or blow to the head may occur.
5. Have your qualified health care professional check your child's symptoms at different times to help guide recovery.

Returning to Learn (School)

1. Your athlete may need to initially return to school on a limited basis, for example for only half-days, at first. This should be done under the supervision of a qualified health care professional.
2. Inform teacher(s), school counselor or administrator(s) about the injury and symptoms. School personnel should be instructed to watch for:

    a. Increased problems paying attention.

    b. Increased problems remembering or learning new information.

    c. Longer time needed to complete tasks or assignments.

    d. Greater irritability and decreased ability to cope with stress.

    e. Symptoms worsen (headache, tiredness) when doing schoolwork.
3. Be sure your child takes multiple breaks during study time and watch for worsening of symptoms.
4. If your child is still having concussion symptoms, he/she may need extra help with school-related activities. As the symptoms decrease during recovery, the extra help or supports can be removed gradually.

5. For more information, please refer to Return to Learn on the ODH website.

Returning to Play

1. Returning to play is specific for each person, depending on the sport. *Starting 4/26/13, Ohio law requires written permission from a health care provider before an athlete can return to play*. Follow instructions and guidance provided by a health care professional. It is important that you, your child and your child's coach follow these instructions carefully.
2. Your child should NEVER return to play if he/she still has ANY symptoms. (Be sure that your child does not have any symptoms at rest and while doing any physical activity and/or activities that require a lot of thinking or concentration).
3. Ohio law prohibits your child from returning to a game or practice on the same day he/she was removed.
4. Be sure that the athletic trainer, coach and physical education teacher are aware of your child's injury and symptoms.
5. Your athlete should complete a step-by-step exercise -based progression, under the direction of a qualified healthcare professional.
6. A sample activity progression is listed below. Generally, each step should take no less than 24 hours so that your child's full recovery would take about one week once they have no symptoms at rest and with moderate exercise.*

Sample Activity Progression*

***Step 1**: Low levels of non-contact physical activity, provided NO SYMPTOMS return during or after activity. (Examples: walking, light jogging, and easy stationary biking for 20-30 minutes).*

***Step 2**: Moderate, non-contact physical activity, provided NO SYMPTOMS return during or after activity. (Examples: moderate jogging, brief sprint running, moderate stationary biking, light calisthenics, and sport-specific drills without contact or collisions for 30-45 minutes).*

***Step 3**: Heavy, non-contact physical activity, provided NO SYMPTOMS return during or after activity. (Examples: extensive sprint running, high intensity stationary biking, resistance exercise with machines and free weights, more intense non-contact sports specific drills, agility training and jumping drills for 45-60 minutes).*

***Step 4**: Full contact in controlled practice or scrimmage.*

***Step 5**: Full contact in game play.*

***If any symptoms occur, the athlete should drop back to the previous step and try to progress again after a 24 hour rest period.**

Ohio Department of Health Concussion Information Sheet

For Interscholastic Athletics

I have read the Ohio Department of Health's Concussion Information Sheet and understand that I have a responsibility to report my/my child's symptoms to coaches, administrators and healthcare provider.

I also understand that I/my child must have no symptoms before return to play can occur.

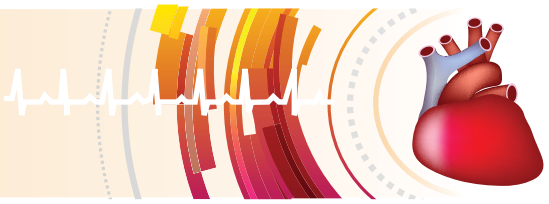
Sudden Cardiac Arrest and Lindsay's Law

Parent/Athlete Signature Form



What is Lindsay's Law? Lindsay's Law is about Sudden Cardiac Arrest (SCA) in youth athletes. It covers all athletes 19 years or younger who practice for or compete in athletic activities. Activities may be organized by a school or youth sports organization.

Which youth athletic activities are included in Lindsay's law?

- Athletics at all schools in Ohio (public and non-public)
- Any athletic contest or competition sponsored by or associated with a school
- All interscholastic athletics, including all practices, interschool practices and scrimmages
- All youth sports organizations
- All cheerleading and club sports, including noncompetitive cheerleading

What is SCA? SCA is when the heart stops beating suddenly and unexpectedly. This cuts off blood flow to the brain and other vital organs. People with SCA will die if not treated immediately. SCA can be caused by 1) a structural issue with the heart, OR 2) an heart electrical problem which controls the heartbeat, OR 3) a situation such as a person who is hit in the chest or a gets a heart infection.

What is a warning sign for SCA? If a family member died suddenly before age 50, or a family member has cardiomyopathy, long QT syndrome, Marfan syndrome or other rhythm problems of the heart.

What symptoms are a warning sign of SCA? A young athlete may have these things with exercise:

- Chest pain/discomfort
- Unexplained fainting/near fainting or dizziness
- Unexplained tiredness, shortness of breath or difficulty breathing
- Unusually fast or racing heart beats

What happens if an athlete experiences syncope or fainting before, during or after a practice, scrimmage, or competitive play? The coach MUST remove the youth athlete from activity immediately. The youth athlete MUST be seen and cleared by a health care provider before returning to activity. This written clearance must be shared with a school or sports official.

What happens if an athlete experiences any other warning signs of SCA? The youth athlete should be seen by a health care professional.

Who can evaluate and clear youth athletes? A physician (MD or DO), a certified nurse practitioner, a clinical nurse specialist, certified nurse midwife. For school athletes, a physician's assistant or licensed athletic trainer may also clear a student. That person may refer the youth to another health care provider for further evaluation.

What is needed for the youth athlete to return to the activity? There must be clearance from the health care provider in writing. This must be given to the coach and school or sports official before return to activity.

All youth athletes and their parents/guardians must review information about Sudden Cardiac Arrest, then sign and return this form.

FIRMA DEL PADRE/GUARDIÁN FECHA

PARA OTORGAR CONSENTIMIENTO PARA TRATAMIENTO MÉDICO

POR LA PRESENTE DOY CONSENTIMIENTO para que se llame a los siguientes proveedores de atención médica y al hospital local:

Médico _____ Teléfono _____ Dentista _____ Teléfono _____

Especialista Médico _____ Teléfono _____ Hospital Local _____ Teléfono _____

En caso de que los intentos razonables para comunicarse conmigo no hayan tenido éxito, por la presente doy mi consentimiento para 1) la administración de cualquier tratamiento que se considere necesario por parte de los médicos mencionados anteriormente o, en caso de que el médico preferido designado no esté disponible, por otro médico con licencia o dentista; y 2) la transferencia del niño a cualquier hospital razonablemente accesible. Esta autorización no cubre la cirugía mayor a menos que se obtengan las opiniones médicas de otros dos médicos o dentistas con licencia, que coincidan en la necesidad de dicha cirugía, antes de la realización de dicha cirugía.
Enumere a continuación cualquier dato relacionado con el historial médico del niño, incluidas las alergias, los medicamentos que toma y cualquier discapacidad física sobre la cual se debe alertar a un médico:
