Reminder to students about locker usage: You should NOT be at your lockers between periods except at designated times. If you are unsure of when these times are, please see your HR teacher. The hallways are too congested to be at your lockers between periods.

Reminder to students riding a bike or scooter to school: When you enter from 21st Street and get to the crosswalk where Ms. Smith is on duty, you should walk your bike or scooter on the school grounds. Do not ride past the crosswalk. The reverse should be followed when leaving - walk to the crosswalk, and ride from there.

Any student who took Mr. McCartney's Design and Modeling or Robotics class first semester, and is still interested in presenting at the showcase in May, should stop by his room for a permission slip to come to his room during Block to complete your presentation.
