

DOCK IDEAS 2021-2022

We encourage students to community services as acts of goodwill provide the student with an opportunity to grow and enjoy the many benefits of giving back to the community. If a student is already doing community service for a local church, youth organization, or a community member in need that is great! We would invite the student to submit these hours using the DOCK Verification form. Additionally, we have provided some other local ideas from which to choose from.

Organization Name	Phone Number	Contact Person	Address	Description
