## EDUCATION: OUR MUTUAL INVESTMENT IN THE FUTURE

Dear Parents and Students,

This handbook has been prepared to give students and parents information about the kindergarten through fifth grade buildings (Dover Avenue, East and South). It is intended to help you know more about the programs and procedures with which your child(ren) are involved. **Please be sure to review this handbook with your child(ren).**

We share a common goal with you. We need each other. We begin with the firm belief that each child is entitled to respect as an individual. Together we have the privilege and great responsibility of helping our child(ren) become independent, responsible and caring people as well as learning to their potential.

You may always receive more information about your school by contacting your building principal.

Sincerely,

Katie Nicholson

  Corner of 13<sup>th</sup> Street and Dover Avenue

East School:                         Corner of Third Street and Betscher Avenue

### Bicycle Safety:

Fourth and fifth grade students may ride their bicycles to school. Students are required to walk their bikes on school property. Students should be instructed by their parents on safety procedures and the safest route to school. Bike racks are available for bicycles. It is expected that students have locks for their bikes, skates, and skateboards are not permitted.

### Parking for Student Pick-up:

Parents, please keep pick-up areas open for students to board buses. **Parents are asked not to stop on the opposite side of the street and ask your child to cross between cars for pick-up.** Parents should come to the crossing and assist the children.

## SCHOOL TRANSPORTATION POLICY

The Dover Board of Education has adopted a student transportation policy for buses operated by Dover City Schools. The complete student transportation policy is on file in the principal's office of all Dover schools.

### Responsibilities of Students:

1. Students are expected to behave in an orderly manner at all times while on the bus. Students should remain seated and keep the aisle and exits clear.
2. Students must follow the instructions of the driver at all times while on the bus.
3. Students will board and exit the bus only at their designated stop. Students will cross 10 feet in front of the bus, when necessary, in a prompt manner.
4. When it is necessary for a student to ride a bus other than their assigned bus, the student must have a note from their parent or guardian, and the principal must give a blue card to
5. Students are not permitted to bring items on the bus that cannot be held on their laps, excluding musical instruments. Students are never permitted to transport animals, balloons, glass objects, or other potentially dangerous objects on the school bus.
6. Students should go promptly to the bus room when dismissed from their classrooms. From the bus room, students will be dismissed as buses arrive.
7. Students must maintain absolute quiet at railroad crossings and other places of danger, as specified by the driver.
8. Students must not throw or pass objects on, from, or into the bus. Eating, drinking, or chewing gum on the bus is not permitted by state law.

### Responsibilities of the Parents:

1. Parents/Guardians are responsible for the safety and discipline of students to and from the bus stop, and at the bus stop.
2. Parents/Guardians must have their children at the bus stop before the pick-up time as designated by the Transportation Department schedule. This schedule will not permit waiting for tardy students.
3. Parents/Guardians will be monetarily responsible for any damage done to a bus by their children.
4. The school does not enter into disputes involving parents/guardians and/or students prior to pick-up or after drop-off.
5. Do not discuss problems with the bus driver while he/she is in route. This delays the busing schedule. Call the Transportation Department at 330-364-7109.

### Disciplinary Process:

When a student misbehaves on the school bus, the bus driver will identify the student and tell the student what he or she needs to do to correct the situation and avoid further disciplinary action. Students riding school buses are under surveillance at all times. If a student complies, the intervention has worked, and the situation is considered over unless there is a second occurrence, at which time the driver will report disciplinary incidents in writing to the building principal or designee. Infractions may result in bus privileges being denied.

Students need to be respectful of bus drivers and comply with reasonable requests when the bus driver sees the need to make them. Our strict attitude is solely designed to make sure that students are safe and orderly on the bus. If parents support our efforts to make sure that there is good

behavior on the bus, we can assure you the safest possible transportation.

#### Discipline Code for the Bus:

Proper conduct on a school bus is an important concern for the safety of the students and the driver. When a student does not display proper conduct on a bus, disciplinary action may occur. The following violations may be reasons for disciplinary action:

- Improper boarding/departing procedures
- Bringing articles aboard the bus of an injurious or objectionable nature
- Failure to remain seated
- Refusing to obey driver
- Fighting/pushing/tripping
- Hanging out of the window
- Throwing objects in or out of the bus
- Lighting matches/smoking on the bus
- Spitting/littering
- Unnecessary noise
- Tampering with bus equipment
- Rude, discourteous and annoying conduct
- Destruction of property
- Other behavior relating to safety, well-being and respect for others

#### Fire, Tornado, Emergency Evacuation, and Intruder Drills:

Fire, tornado, emergency evacuation, and intruder drills are held in compliance with the Revised Code of Ohio. The drills are planned to provide practice at varying times and under differing conditions. Order and speed are stressed during a drill. No talking is permitted as an emergency situation requires being able to hear directions given by a staff member. The intent is that the response to the signals for these drills will become so routine that the procedure will be carried out rapidly, automatically, and in an orderly manner to maximize safety for all occupants of the building in the event of an emergency.

The Board of Education recognizes that its responsibility for the safety of students extends to possible natural and man-made disasters and that such emergencies are best met by preparedness and planning. All threats to the safety of the schools shall be identified by appropriate personnel and responded to promptly in accordance with the plan for emergency preparedness.

#### Emergency School Closing Announcements:

If we have a two-hour delay, school closing, or early dismissal due to inclement weather or for some other reason, a call will be made to your primary phone number through the district's phone notification system. Schools closed on consecutive days are announced each day. The local media will also be contacted.

## Parental Notice of Child Sexual Abuse Prevention and Sexual Violence Prevention Curriculum:

Per Ohio Senate Bill 288 (2023), school districts are required to notify parents about required curriculum on child sexual abuse and sexual violence prevention. This provides parents notice of the following:

- (1) That instruction in child sexual abuse prevention and sexual violence prevention is a required part of the district's curriculum;
- (2) That upon request, parents and legal guardians may examine such instructional materials in accordance with R.C. 3313.60; and
- (3) That upon written request of the student's parent or guardian, a student will be excused from taking instruction in child sexual abuse prevention and sexual violence prevention.

If the parent or legal guardian of a student submits to the principal a written request to examine the dating violence prevention and sexual violence prevention instruction materials used at that school, the principal will allow the parent or guardian to examine those materials at that school within 48 hours after the request is made.

## **SCHOOL HEALTH**

Good health for your child requires the continuous cooperative efforts of home, school and your **health care provider**. The purpose of health service in the school is to promote, protect, and improve the health status of each student. It is not a substitute for medical care. Therefore, it is vital that your child have a completed Health History on file along with a Physical and Dental Exam before he/she starts kindergarten.

### Entrance Requirements/Immunizations

Any child initially entering school:

1. Must present a birth certificate or comparable certificate; and
2. Be immunized or be "in the process of" being immunized.

"In the process of being immunized" means the pupil has received at least the first dose of the immunization sequence and presents written evidence to the pupil's building principal or chief administrative officer of each subsequent dose complying with the immunization intervals or catch-up schedule prescribed by the director of health.

Parents should be advised that failure to complete the **state** required immunizations is a basis for excluding pupils from school and school related activities.

In accordance with O.R.C. §3313.671, **"no pupil who begins kindergarten at an elementary school subject to the state board of education's minimum standards shall be permitted to remain in school for more than 14 days unless the pupil presents written evidence satisfactory to the person in charge of admission that the pupil has been immunized by a department of health-approved method of immunization or is in the process of being immunized against the following:**

### **Illnesses or Injuries:**

In the event of a **significant** accident or illness requiring medical consultation or your child to go home, attempts are made to contact parents. When a parent cannot be reached, an effort is made to contact other persons included as emergency contacts on your online Emergency Medical Authorization form. This form is required by Ohio law and must be completed online and updated annually. A copy accompanies the student for emergency care and field trips. Please keep these records current in the Parent Portal (One View) on Dover Schools' website ([www.dovertornadoes.com](http://www.dovertornadoes.com)) by making any changes in telephone numbers, doctor or dentist, and the person(s) to be contacted when a parent cannot be reached.

Please keep your child home for fever of 100° or more, vomiting, diarrhea, or other potentially contagious conditions. Call the school before 8:30 a.m. to report your child off from school. Also, please inform the school of the nature of your child's illness so that his/her health record may be kept current and outbreaks of contagious diseases can be monitored.

### **Screenings**

During the first couple months of school, our nurses will conduct health screenings on students in designated grades and in particular circumstances as required by state law and according to guidelines from The Ohio Department of Health. Screenings may include vision, hearing, growth (height/weight/BMI), scoliosis (middle school), dental, and lice (elementary students). Rechecks of any student not passing a screening will be done several weeks following the initial screenings to ensure follow-up on referrals. Please remind your child to wear his/her glasses or contacts, if he/she has them. Failure to act on repeated referrals may be a reflection of medical neglect.

### **Administration of Medication**

#### **A. GENERAL MEDICATIONS**

The school shall encourage parents and physicians to adjust medication (prescription or over the counter) schedules to avoid administration of medicines during school hours. However, when it is absolutely necessary, trained school personnel will administer medications, in accordance with the following policy as outlined in the ORC 3313.713:

Effective July 1, 2011, only employees of the board who are licensed health professionals, or who have completed a drug administration training program conducted by a licensed health professional and considered appropriate by the board, may administer to a student a drug prescribed for the student. Except as otherwise provided by federal law, the board's policy may provide that certain drugs or types of drugs shall not be administered or that no employee shall use certain procedures, such as injection, to administer a drug to a student. These rules also apply to day and overnight field trips, which are considered an extension of the school day.

No drug prescribed for a student shall be administered until the following occur:

1. The board, or a person designated by the board, receives a written request, signed by the parent, guardian, or other person having care or charge of the student, that the drug be administered to the student.
2. The board, or a person designated by the board, receives a statement, signed by the prescriber, that includes all of the following information:
  - a. The name and address of the student;
  - b. The school and the class in which the student is enrolled;
  - c. The name of the drug and the dosage to be administered;
  - d. The times or intervals at which each dosage of the drug is to be administered;
  - e. The date the administration of the drug is to begin;
  - f. The date the administration of the drug is to cease;
  - g. Any severe adverse reactions that should be reported to the prescriber and one or more phone numbers at which the prescriber can be reached in an emergency;
  - h. Special instructions for administration of the drug, including sterile conditions and storage.
3. The parent, guardian, or other person having care or charge of the student must agree to submit a revised statement signed by the prescriber to the board or a person designated by the board if any of the information provided by the prescriber changes.
4. The person authorized by the board must receive a copy of the required statements and revisions of the statements.
5. The drug is to be received by the person authorized to administer the drug to the student for whom the drug is prescribed in the container in which it was dispensed by the prescriber or a licensed pharmacist.
6. New request forms must be submitted each school year and as necessary for changes in the medication order throughout the school year.
7. It is advised that the medication and the signed permission forms be brought to the school by the parent/guardian.
8. The school nurse is responsible for the monitoring of medications administered by school personnel.
9. Accurate records of the medication given must be kept in the student's record.
10. The board is required to retain copies of the parent written requests and the prescriber statements and shall ensure that by the next school day following receipt of any such statement a copy is given to the person authorized to administer drugs to the student for whom the statement has been received.

11. The board, or a person designated by the board, shall establish a location in each school building for the storage of drugs to be administered under this section and federal law. All such drugs shall be stored in that location in a locked storage place, except drugs that require refrigeration may be kept in a refrigerator in a place not commonly used by students.
  12. In case of self-administered medication, all procedures in this policy shall be followed. (Refer to Inhaler/Epinephrine)
  13. No authorized employee who administers a prescribed drug under the conditions of this policy will be liable in civil damages for administering or failing to administer the drug, unless he/she acts in a manner that would constitute "gross negligence or wanton or reckless misconduct".
  14. No employee shall be required to administer a prescribed drug to a student, if the employee objects to administering the drug on the basis of religious convictions.
  15. Nothing in this policy affects the application of ORC §§2305.23, 2305.231, or 3313.712 to the administration of emergency care or treatment to a student.
  16. All dental disease prevention programs, sponsored by the Ohio Department of Health and administered by school employees, parents, volunteers, employees of the local health district, and/or employees of the Ohio Department of Health, which utilize prescription drugs (fluoride) for the prevention of dental disease and which are conducted in accordance with the rules and regulations of the Ohio Department of Health are exempt from all requirements of this policy.
  17. For the safety of all students, it is requested that parents pick up their child's medication at the end of the school year.
- B. ASTHMA INHALERS

A student may possess and use a metered dose inhaler at school or any activity, event, or program sponsored by or in which the student's school is a participant to alleviate asthmatic symptoms, or before exercise to prevent the onset of symptoms as long as written approval from both the prescriber and parent/guardian is provided. Written approval must be on file with the school nurse or principal indicating the same information that is required for other general medications in addition to the following information:

- a. The prescriber needs to indicate where the inhaler will be kept (office/student's possession). If the student possesses, it is recommended that a back-up inhaler be kept in the office.
- b. Written instructions that outline procedures school personnel should follow if the medication does not produce the expected relief.
- c. Any severe adverse reactions that may occur to another child, for whom the inhaler is not prescribed, should such a child receive a dose of the medication.

- d. At least one emergency phone number each for contacting the parent/guardian and prescriber in an emergency.

C. EPINEPHRINE AUTOINJECTORS (Epipens/Auvi-Q)

A student may possess and use an epinephrine auto injector at school or any activity, event, or program sponsored by or in which the student's school is a participant to treat anaphylaxis until medical help is summoned as long as written approval from both the prescriber and parent/guardian is provided. Written approval must be on file with the school nurse or principal indicating the same information that is required for general medications received. **Whenever a student is administered an epinephrine autoinjector in school, a school employee shall immediately request emergency assistance from a medical service provider as well as call the parent/guardian.**

- a. The prescriber needs to indicate where the autoinjector will be kept (office/student possession). The parent is required to provide a back-up dose.
- b. Written instructions that outline procedures school personnel should follow in the event that the student is unable to administer the anaphylaxis medication or the medication does not produce the expected relief.
- c. Any severe adverse reactions that may occur to another child, for whom the autoinjector is not prescribed, should such a child receive a dose of medication.
- d. At least one emergency phone number each for contacting the parent/guardian and prescriber in an emergency.

## DOVER CITY SCHOOLS Medication Administration Record (MAR)

(Including Inhaler and Epinephrine Autoinjector Use In accordance with ORC 3313.718/3313.141)

Prescription and over-the-counter medication administration during the school day is discouraged unless medically necessary for the student's health, safety and optimal learning. In the event that this is necessary, certain procedures *must* be followed. **Medication must be in the original container and properly labeled. A MAR must be completed and signed by the prescribing physician and parent.** Any change in medication will require a new MAR and new labeled container. A new MAR is required every school year. It is strongly recommended that medication be dropped off and picked up by the parent or other parent-designated adult.

### Emergency Medical Authorization:

Each student must have an Online Emergency Medical Authorization form completed. The purpose of this form is to enable parents and guardians to authorize the provision of emergency treatment for children who become ill or are injured while under school authority when parents or guardians cannot be reached. **This form must be completed online within one week after the opening of school. Your child will not be permitted to attend any off-campus field trips if this form is not updated each school year.**

### **NUTRITION SERVICES**

Breakfast and lunch are served in each building every day. Our menus as well as nutritional information can be viewed on our school website at [www.dovertornadoes.com](http://www.dovertornadoes.com) or by downloading the My School Menus app.

Breakfast and lunch prices are established by the Board of Education and are published on the first day of school. We encourage parents to pay money on their child's account. This may be done by sending payments to school or paying online at <https://payschoolscentral.com/>. Students may also pay for their lunches on a daily basis; however, no change will be given. Any amount paid over the cost of the lunch will be credited to your child's account. Dover City School District Meal Charge Policy

Federal free and reduced price applications are available for qualifying families. Applications are available online and are accepted throughout the year. If you qualify one year, you will have 30 days at the start of the next school year to renew your application. New applications are required each school year for your child to continue to receive free or reduced price meals.

Students with Allergies/Dietary Needs: The school nurse will notify the cafeteria staff of any students with food allergies/dietary needs verified by a physician. A written notice is required from a health care provider to make substitutions, such as milk, due to lactose intolerance. It is prohibited by the USDA to substitute other beverages for milk without written consent from a medical authority.

## **REGISTRATION, ENROLLMENT, WITHDRAWAL**

Registration and enrollment forms are completed online. The link is called “New Student Enrollment” and is found under the parents’ tab on the Dover City Schools homepage, [www.dovortornadoes.com](http://www.dovortornadoes.com). Parents are required to present the child's birth certificate at the time of enrollment. School records cannot be released without a parent's signature. Parents of students transferring or withdrawing to any other school in or out of the district are asked to notify the school office.

**Enrollment information, including health and medical information, must be updated at the start of every school year.**

### Custody – Divorce Decree:

Divorce/Custody decrees are required as a part of your child's cumulative record. The school cannot provide protection beyond the law. If we do not have such papers (example: custody), we must assume that rights are extended to all parents/guardians. If we have the legal paperwork, we will then follow the most recent court decisions. This is very important for the safety and concern of all.

### Updating Enrollment Information:

If you move, get a new home or business phone number, or wish to change persons to be contacted in the event of an emergency, please log in to the student registration system and make the changes. You will find the link called “New Student Enrollment” under the parents tab on the Dover City Schools homepage, [www.dovortornadoes.com](http://www.dovortornadoes.com). **Please also call the school office to ensure the information is updated in all necessary locations.**

## **ATTENDANCE**

The Board of Education requires that the students enrolled in the schools of this District attend school regularly in accordance with the laws of the State. The Educational program offered by this District is predicated upon the presence of the student and required continuity of instruction and classroom participation. The regular contact of students with one another in the classroom and their participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose.

Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session or during the attendance sessions to which he/she has been assigned, unless it is shown to the satisfaction of the Superintendent that the mental condition of the student is such that he/she cannot benefit from instruction, or that the bodily condition of the student is such as to prevent attendance at school, or that he/she is receiving instruction at home from a person qualified to teach the branches of education in which instruction is required.

A student absent for observation or celebration of a bona fide religious holiday shall be excused from attendance on that holiday.

In accordance with statute, the Superintendent shall require from the parent of each student, or from an adult student who has been absent from school or from class for any reason, a written statement of the cause for such absence. The Board reserves the right to verify such statements and to investigate the cause of each.

The Board may report to appropriate authorities, infractions of the law regarding the attendance of students below the age of 18.

## **ABSENCE**

If a student is absent from school, the parent or guardian must call the school office by 7:30 (Dover Avenue), 8:30 am (East and South). to report his/her child as absent. If no call is made, the school will attempt to call you. A note from the student's parent is required for each absence within 24 hours of that absence. If no call or note is received, the absence(s) will be marked as unexcused.

The Ohio Department of Education has a definitely stated policy regarding absences from school (§3321.04 RC). In brief, the policy is as follows:

Absences from school for any reason other than those listed below and recommended by the State Department of Education are not acceptable and will carry disadvantages to the student. Reasons for which students may be **medically excused** by the State of Ohio and Dover City Schools include but are not limited to:

1. Personal illness (may require medical documentation)  
A **doctor's note** must include the following information:
  1. Student's name (first and last)
  2. Date and time the student was seen by the doctor
  3. Exact day or days that student cannot attend school
  4. Reason for nonattendance
  5. Doctor's signature
2. Illness in the immediate family necessitating the presence of the child (requiring doctor's orders).
3. Quarantine for contagious disease
4. Other emergencies or circumstances that constitute good and sufficient cause as determined by the school administration, which may include but not be limited to absences due to documented medical appointments (requires verification note on the provider's stationery upon return to school).

Reasons for which students may be **non-medically excused** by the State of Ohio and Dover City Schools include but are not limited to:

1. Student is needed at home to perform necessary work directly and exclusively for parents or legal guardians for a limited period of time when approved by the Superintendent (applies to students over 14 years of age only)
2. Death in the family (applies to absences of up to 18 school hours unless a reasonable cause may be shown for a longer absence)
3. observance of religious holidays consistent with a student's truly held religious belief

4. Traveling out of state to attend a Board-approved enrichment activity or extracurricular activity (applies to absences of up to 24 school hours)
5. College visitation

7. Absences due to a student being homeless
8. Other emergencies or circumstances that constitute good and sufficient cause as determined by the Superintendent

Examples of unexcused absences include but are not limited to oversleeping, missing the bus, car trouble of any kind, running non-emergency errands, shopping, out-of-school suspension.

Absences of 38 or more hours in one school month or 65 or more hours in a school year will result in parent notification and implementation of an intervention strategy per Board policy and requirements of Ohio House Bill 410 (2016).

A "habitual truant" is any child of compulsory school age who is absent without a legitimate excuse for 30 or more consecutive hours, 42 or more hours in one month, or 72 hours in a school year. A letter will be sent to parents at this time warning of the legal consequences of being a "habitual truant." Students are required to attend school immediately, and the school will develop an intervention strategy as outlined in Board policy.

As part of early intervention and to promote attendance that maximizes a child's success in the classroom, principals or attendance officers will send letters to parents of students for whom regular attendance is a concern.

Parents/Guardians are to notify the office before 11:30 A.M. if they plan to pick up the child's homework at the end of the day (Dover Ave 2:30 P.M. East/South 3:30 P.M.).

### **Tardies:**

Students must **physically** be in class by 7:55 A.M (Dover Ave.) and 8:55 A.M. (South & East ) or they will be considered tardy. When tardy, report to the office before going to class. Students who are tardy to school three (3) times may receive a noon detention.

### **Partial Absences:**

A student who must leave school before the dismissal time is asked to bring a written note to the office by 7:55 AM (Dover Ave.) or 8:55 (South & East) This note must include the following information.

#### Vacations

**We would hope parents would make every effort to take their vacation during the summer;** however, if the family plans a vacation during regularly scheduled school time, the following will be expected:

1. Parents should notify the principal in writing prior to two school days in advance of the vacation. Assignments may be given to the student before leaving. Assignments are expected to be completed and turned in upon return. Tests may be spread over several days upon arrangements with the teacher.
2. If no assignments are obtained prior to the excused vacation days, it is the student's responsibility to obtain all missed work the day he/she returns. This work should be due within a week.
3. When the student returns to classes, he/she will not be excused from assuming full responsibilities on current work.
4. A parent, grandparent, or guardian must accompany the student on the vacation

### **KINDERGARTEN REGISTRATION**

A child who is five years old on or before August 1<sup>st</sup> is permitted to enter kindergarten; however, this is not mandatory. Some parents choose to have their child wait until the following year to enter kindergarten. Children must successfully complete kindergarten before entering first grade.

From the middle of January through the first part of March, parents should call South School to register their child. **At this time you will be mailed a packet of materials to be completed and returned to the Administration Office.** Kindergarten registration is mandatory before a student may enter school. The kindergarten screening will **be conducted in late May/Early June.** The program is conducted by a team of staff members and volunteers.

The registration process allows kindergarten teachers the opportunity to greet students. Teachers may observe your child's interaction with peers, active listening, and fine motor skills. Your child will also take part in a vision and hearing screening.

Parents receive information about the kindergarten program by letter, and meet briefly with the principal and nurse to discuss kindergarten expectations.

### TESTING

Group achievement and ability tests are administered periodically during the elementary school years. Parents of second and third grade students receive a summary of their child's achievement and ability test scores. An individual child's group test results may be discussed with parents upon request. Parents and the public have the right to access all assessment data (except personally identifiable information), questions and current assessment instruments.

Achievement tests, developed by the Ohio Department of Education, are administered each year in the spring for students in grades 3-5. The tests serve as benchmarks to evaluate students' mastery of basic academic objectives. An individual report is sent to each parent at the beginning of the summer indicating areas of mastery and areas needing intervention. The achievement tests are also administered in grades 6-12.

### PROMOTION AND RETENTION

The Board of Education recognizes that the personal, social, physical and educational growth of children will vary and that they should be placed in the educational setting most appropriate to their needs at the various stages of their growth.

It shall be the policy of the Board that each student be moved forward in a continuous pattern of achievement and growth that is in harmony with his/her own development.

Such patterns should coincide with the system of grade levels established by this Board and the instructional objectives established for each.

The Dover elementary schools operate on a plan which seeks to apply modern knowledge of the learning process and of child growth and development in its organization for learning. It recognizes that individual human personalities vary in many ways and utilizes this knowledge in planning

differentiated learning programs. Responsibility is placed upon adults in education to demonstrate the ability to utilize scientific procedure and research evidence in formulating educational programs suited to the learning needs of children at a particular time. The plan is guided by the American ideal that each individual is worthy of respect and is not to be deprived of dignity by oppressive force or punished for his/her inherited characteristics or environmental background.

In practice, this means that the school attempts to:

- A. Assure that each child's placement is appropriate for his/her growth potential and is translated into successful forward progress at all times;
- B. Provide individualized programs so that each child has reasonable opportunities for success and retains his/her zest for learning;
- C. Arrange sufficient time for each child to achieve his/her maximum levels of mastery of a learning stage;
- D. Require the recommendation of the classroom teacher for promotion or retention;
- E. Require that parents are informed in advance of the possibility of retention of a student at a certain grade level and not later than the third report period of the school year, if possible;
- F. Assure that every effort will be made to remedy the student's difficulties before he/she is retained; and
- G. Assign to the building principal and Superintendent the final responsibility for determining the promotion or retention of each student.

### **SCHOOL SUPPLIES, FEES AND FINES**

Supply fees will be included in email newsletters sent to all parents.

Information concerning specific grade level supplies and fees will also be found in the classroom teacher's letter.

These fees cover only a small part of the actual cost of workbooks and classroom supplies. Prompt payment of fees is appreciated. Report cards will be held until fees or other financial obligations to the district are paid or financial arrangements are made with the office.

Individual teachers will send detailed supply list requests home with students the first week of school.

Fines for Damaged or Lost Textbooks:

Students are responsible for textbooks assigned to them. If a textbook is lost or if damage exceeds normal wear, the student will be charged for an amount based on replacement or repair costs.

#### Library/Media Center:

Library/media centers are available in each building. They are designed to help each student develop library skills as well as a positive attitude toward learning. The system librarian and library aides help students needing assistance in locating materials.

The librarian and classroom teacher provide library lessons. The media centers are an important part of the elementary program.

#### Library Policy for Overdue Books:

1. One or two days after the due date an overdue notice will be sent to the student.
2. One week later a second notice will be sent to the student and to his/her teacher if there has been no response to the first notice.
3. If the book(s) is not returned within a week after the second notice, a letter stating the overdue material and its cost will be sent to the student's parents. A phone call may also be made at this time.
4. From the time of the letter or phone call to the parents to the time when the book is returned or paid for, the student's library borrowing privileges will be suspended. Students will be asked to pay for damaged or lost library books.

#### Field Trips:

Learning activities are frequently extended beyond the regular classroom into the community. You will be informed of field trips and permission slips will be sent home in advance. Field trip permission must be obtained from parents in order for the child to accompany his/her class on any field trip. Occasionally, children are asked to pay a small fee for class field trips or programs. Emergency Medical Authorization must be updated every school year for your child to attend field trips. Students must be transported via school transportation.

## **PERSONAL BELONGINGS**

Please label all outer clothing such as hats, gloves, boots, and jackets. Lunch boxes and lunch bags should be labeled with the student's full name. Please label all school supplies. It is best if children do not bring toys to school. The school will not be responsible for lost or damaged items. For younger children, it is recommended to include a change of clothes in their backpack in the event their clothes become soiled.

A "lost and found" is located in each building. Children should be encouraged to check there for missing articles. Labeling is very important in assuring the return of lost items.

## **PETS AND ANIMALS ON SCHOOL PROPERTY**

Pets and/or other animals are not permitted on school grounds. This includes all exterior areas including sidewalks immediately surrounding the schools during drop-off and pick-up times. This policy is for the safety of all, and with respect to allergies and/or health issues of all students.

## **BIRTHDAYS**

Students may provide treats for their classrooms on their birthdays. Treats must be store-bought and individually wrapped. Students should bring enough treats so that each student in the class receives a treat. When choosing treats for the classroom, please take into consideration any food restrictions (food allergy, diabetic, etc.) that may be in your child's classroom. Treats will be distributed as directed by the classroom teacher.

## PARENT/TEACHER COMMUNICATIONS

### School and Parent Cooperation:

Parents are encouraged to be active participants in their children's education. We are aware that only as we work together are we able to provide the best possible education for each child. There are many opportunities throughout the school year for the parents to visit the school. Meet the Teacher Night, Open House, Parent-Teacher Conferences, special music programs and Parent-Teacher Group (PTG) meetings are some of the activities designed for the parents and school to meet and work together.

### Parent-Teacher Conferences:

Parent-teacher conferences are designed to provide the parents and teachers an opportunity to discuss together the program and progress of the individual student. It provides an opportunity for both the parents and the teacher to work together in the best interest of the child. There are two scheduled conferences a year. The parents or teacher may also request a conference any time if it is needed. Results of classroom performance, school adjustment, testing and any pertinent personal information may be discussed.

### Reporting to Parents:

Along with the two scheduled conferences, a detailed progress report (report card) is sent home at the end of each nine-week period for students in grades K-5. Every effort is made to evaluate the child's progress fairly.

Parents will be given access to their student's grades through Progress Book, an online grading/reporting program.

### Grading:

Kindergarten is the first year of the student's formal school life. The student faces many new experiences and learns many new skills. The progress report is intended to be an indication of developmental growth. Each major skill area and sub-skill area is evaluated with one of the following:

M	-	Mastered
S	-	Satisfactory (Adequate Progress)
D	-	Developing (Limited Progress)
HD	-	Having Difficulty

First through fifth grade students continue to grow in their academic development. The report card is designed to show you the progress your child is making toward goals established by the Dover City School District. Letter grades are given for all subject areas.

Grade scale:

A - Excellent	-	92 – 100%
B - Above Average	-	83 – 91%
C - Average	-	74 – 82%
D - Below Average	-	65 – 73%
F - Unsatisfactory	-	0 – 64%

2024-2025 Grade Card Distribution Dates:

October 25, 2024

January 17, 2025

March 28, 2025

May 29, 2025

Mid-term Letters:

Interim Reports or Midterms may be sent home with students. A phone call may be made to the parents in addition to the form letter. Parents are encouraged to call the school if you wish to arrange a follow-up conference.

Homework:

As a follow-up to classroom instruction, students may be assigned work related to the instruction to be done outside of school hours. Homework is necessary to reinforce and practice concepts taught during the school day. Many times these assignments are started to enable the child to ask for assistance if needed.

Students are sometimes given project work to be researched or constructed at home. Homework time should be scheduled. A quiet spot should be provided for the student to work. Parents are encouraged to review the student work.

Good study habits are essential to a successful school career. To assist the students in establishing good study habits the completion of assignments is required. Consequences for incomplete work will be determined by the school personnel.

News Publications:

A building newsletter will be emailed to parents at least once a month. The letter will contain information concerning school activities and upcoming events.

The **Dover School Calendar** will be available in the buildings in late August and on Dover Schools' website [www.dovertornadoes.com](http://www.dovertornadoes.com). The calendar lists most of the school system's activities and events.

P.T.G. (Parent-Teacher Group):

The elementary schools have industrious and dynamic parent-teacher groups whose purpose is to promote the welfare of children and youth in the home, school, and community. The P.T.G. serves as a support group for the staff and school system. These groups bring to the school family programs with topics of vital, current interest and student participation. The P.T.G. helps in the organization of Grandparents' Day, and classroom parties. They conduct projects which benefit the students and their classroom.

Dates and information for meetings and activities are sent home with students as well as those listed on the Dover City Schools' calendar. All parents and guardians are welcome to become actively involved in their school's P.T.G. group as it seeks to enhance the welfare of children.

### **CODE OF STUDENT CONDUCT**

Learning Environment:

Discipline is the positive direction of behavior toward established community norms of conduct. It must be based on logical and sensible assumptions about students and varying levels of expectations. Individual judgment, tempered with a respect for the rights of others, should determine the direction that discipline takes.

In Dover we believe that the type of discipline that is most desirable is self-discipline, wherein students learn to control their own behavior. It is a shared responsibility of parents, schools, and community to assist them in attaining this goal. Further, we believe that when self-control and self-discipline fail, forces outside the individual must be utilized to maintain the orderly environment which is most conducive to the teaching-learning relationship. This is a vital factor in assuring that each individual is permitted to reach his own potential for the world beyond the school.

All elementary students are expected to conduct themselves in a manner that enhances safety and promotes an optimal learning environment for all. This type of behavior is expected in all school-related settings from the time the student steps onto the school property, until he/she is released from school supervision, and will continue to be in effect during any school-related functions that extend beyond the normal school day or school setting. Students on school property may be under surveillance.

All school personnel are responsible for the handling of disciplinary problems in the school setting. Teachers and students are responsible for developing classroom behavior guidelines.

The items in this Code are applicable to misconduct by a student that occurs off of property owned or controlled by the District, but that is connected to activities or incidents that have occurred on

property owned or controlled by the District and misconduct by a student that, regardless of where it occurs, is directed at a school district official or employee or the property of such official or employee, and all students when properly under the authority of school personnel during a school activity, function, or event whether on property owned, rented, or maintained by the Board of Education or property owned, rented, or maintained by another party. Additionally, the provisions of this Code shall apply to school property, within the line of sight of school property, on school transportation, or if the act affects the operation of the schools.

This Code shall also be inclusive for the right to exercise authority and for personal and property protection of administrators, teachers, librarians, or clerks, substitute teachers, teacher aides, monitors, authorized volunteers, tutors, secretaries, cooks, custodians, bus drivers, visitors, or other authorized school personnel.

Violation by a student of any one or more of the following rules of conduct may result in disciplinary action(s), which may include detention, parental contact, referral to legal authorities, emergency removal, disciplinary removal, suspension, expulsion, or permanent exclusion. A student may be suspended pending the outcome of expulsion proceedings.

Confiscated devices are subject to search, which includes the device, battery, all interior

Appropriate Dress:

The Dover City Schools' Board of Education requires students to dress in neat and clean clothing that is in good taste and in good repair. A code which places emphasis on individual responsibility for general good grooming and dress should remain in effect. Anything that is a deterrent to learning is, obviously, not appropriate nor in good taste. Care needs to be taken that outer clothing worn to school is suitable for outdoor play during recess periods as children will be outdoors except when weather conditions prohibit.

1. Hair should be combed in a manner so that it does not cover the eyes and must be clean and well groomed. Hair dyed bright or unusual colors or fashioned in an unusual manner is not acceptable.
2. Tank tops worn alone, and sheer clothing are not permitted. Sleeveless shirts and dresses will be permitted providing they do not expose any undergarments.
3. Shorts need to be clean, neat and fit appropriately. School officials will have the final decision in these matters.
4. Bare backs and midriffs are not permitted. Clothing must continue to touch the waistline when arms are raised.
5. Hats may not be worn inside the school building.

6. Proper footwear is required at all times: Shoes with wheels, cleats and flip-flops are prohibited.
7. All pants or shorts should be worn at the appropriate height to stay over the waistline and not be oversized or have the appearance of being oversized.
8. Pierced jewelry will be limited to the ear and a small stud or small hoop in the nose. Earrings may not dangle due to safety reasons.

person(s), he/she should promptly notify a school counselor, teacher, or administrator. The student should put his/her complaint in writing and an investigation will immediately be made into the matter. The administrator investigating the matter will report back to the student making the charge

## **BULLYING POLICY**

Dover City Schools is committed to minimizing and preventing bullying. Bullying is defined as an intentional written, verbal, or physical act directed toward another student; the behavior causes mental, physical, or emotional harm to the other student. Another example of bullying is Cyber-Bullying which is abusive behavior including but not limited to taunting, threatening, stalking, intimidation, and/or coercing by one or more individuals against other students or staff, perpetuated with computer, cellular phones, internet websites, and/or any other electronic device.

## **RESOURCE SERVICES**

The Dover Schools offer the following instructional and learning opportunities for the students:

### Art:

The art teacher meets with each classroom weekly on a regular schedule. The main goal is to develop aesthetic awareness in the students and to introduce them to various art forms and media. By correlating the art lessons with other student work and the environment, it is the hope of the art teacher to instill in young people the ability and will to seek out a more sensitive, creative and meaningful life.

### Vocal Music:

A music teacher meets with each K-5 classroom for two sessions weekly. The study of music is a source of personal satisfaction and is an effective means of self-expression. All students are encouraged to use their voices correctly, to sing with light, free and pleasing tone quality.

### Physical Education:

A physical education teacher meets with every K-5 classroom for two sessions weekly. The major goals for this program are to:

1. develop and maintain a suitable level of physical fitness.
2. become competent in management of the body and acquire useful physical skills.

1. A written request must come from the parent/guardian.
2. A conversation has been held with the music instructor.

## **DISTRICT POLICY AND PLAN FOR THE IDENTIFICATION OF CHILDREN WHO ARE GIFTED**

### **Information for Parents**

#### Definition

"Gifted" means students who perform or show potential for performing at remarkably high levels of accomplishment when compared to others of their age, experience, or environment and who are identified under division (A), (B), (C), or (D) of section 3324.03 of the Revised Code.

#### Screening and Assessing

The District uses a three-part approach to screen students who perform or show potential for performing at high levels of accomplishment in the areas of superior cognitive ability, specific academic ability, creativity, and visual and/or performing arts.

#### ***STAGE I:***

##### Pre-Assessment

The pre-assessment part of the process involves gathering student data from a variety of sources including teacher, parent, and peer nominations, grades, portfolios, observations, review of student records, and outstanding products or performances, etc. All students are involved in the pre-assessment pool.

By using the pre-assessment process, the district ensures equal access to screening and further assessment by all district children, including culturally or linguistically diverse children, children from low socioeconomic backgrounds, children with disabilities, and children for whom English is a second language.

#### ***STAGE II:***

##### Assessment for Screening

The screening stage examines the data gathered from the pre-assessment stage and determines if additional assessment is necessary.

In making decisions about additional assessment, existing test data for students is not the sole determining criteria. School personnel examine all available information about a student to determine if evidence of possible giftedness exists for that student and conduct necessary additional

assessment.

District-determined cut-off scores, to move students from the screening stage to the assessment stage, are lower than the scores necessary for identification. Parents must be notified within 30 days of the results of screening.

### ***STAGE III:***

#### **Assessment for Identification**

Assessment strategies provide additional data necessary for an identification decision and the delivery of services. Strategies for additional assessment include the individual and group testing requirements of Sections 3324.01 – 3324.07 of the Ohio Revised Code.

Once additional assessment has been completed, the data obtained throughout the stages of identification are evaluated, the identification decision is made and the student's educational needs are determined.

#### **Referral**

The District ensures there are ample and appropriate scheduling procedures for assessments and reassessment using:

- Whole grade assessments
- Group assessments;
- Individual-administered tests;
- Audition, performance;
- Display of work;
- Exhibition; and
- Checklists.

Children may be referred on an ongoing basis, based on the following:

- Child request (self-referral);
- Teacher recommendation;
- Parent/Guardian request;
- Child referral of peer; and
- Other (e.g., psychologist, community members, principal, gifted coordinator, etc.)

Referral forms may be obtained from the building principal, gifted coordinator, or from the district website, [www.dovertornadoes.com](http://www.dovertornadoes.com).

Upon receipt of a referral, the district will:

- Follow the process as outlined in this brochure; and
- Notify parents of results of screening or assessment and identification.

The District shall provide at least two opportunities a year for assessment in the case of children requesting assessment or recommended for assessment by teachers, parents, or other children.

#### **General**

The District accepts scores on assessment instruments approved for use by the Ohio Department of Education provided by other school districts and/or trained personnel outside the school district.

### Transfer

The District ensures that any child transferring into the district will be assessed within 90 days of the transfer at the request of the parent. Parents shall contact the building principal.

### Services

The District ensures equal opportunity for all district students identified as gifted to receive services offered by the District.

### Written Education Plans

Each child who participates in the TAG program will have, on file, a Written Education Plan (WEP). Parents will meet with the TAG teacher at the fall conference where goals will be established for the student. These goals may include, but are not limited to:

- **organizational skills**
- **study skills**
- **social skills**
- content knowledge
- specific academic goals in content areas

Teachers and parents may meet again at the spring conference to follow-up on the goals that were set for the student. At the spring conference, goals may be discussed for the following school year. The TAG program at Dover City Schools is taught by Gifted Intervention Specialists who will be responsible for the service delivery. Parents will be provided a copy of the WEP after each conference.

Middle School and High School students who choose to participate in courses that qualify as a gifted service will have a WEP on file. Regular education teachers who have met the professional development guidelines will be responsible for service delivery. Parents will be provided a copy of the WEP each school year.

### Withdrawal

If at any time, a student wishes to withdraw from gifted programs or services, the request should be written by the parent or child to the building administrator **if they feel any section or the total program is not of benefit to the child**. If children request to withdraw, parents will be notified.

### Appeal Procedure

An appeal by the parent is the reconsideration of the results of any part of the identification process which would include:

- Screening procedure or assessment instrument (which results in identification);
- The scheduling of children for assessment;
- The placement of a student in any program; and
- Receipt of services.

Parents should submit a letter to the superintendent or designee outlining the nature of the concern.

The superintendent or designee will convene a meeting with the parent/guardian, which may include other school personnel.

The superintendent or designee will issue a written final decision within 30 days of the appeal. This written notice should include the reason for the decision(s).

### **Internet Access**

Families should be aware that some material accessible via the internet might contain items that are illegal, defamatory, inaccurate, or offensive. Special filtering programs are used to help prevent students from accessing inappropriate materials. Students are also monitored in classrooms, offices, libraries and labs where they have internet access. While the purposes of the school are to use internet resources for constructive educational goals, students may find ways around the filters to access inappropriate materials. Internet "hotspots" are available at the exterior of each school during set hours if students are in need of wifi outside of the school day.

We believe that the benefits to students from access to the internet in the form of information resources and opportunities for collaboration exceed the disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. Therefore, we support and respect each family's right to decide whether or not their child should have internet access. **If you do not want your child to use the internet, please send a letter to the principal.**

## **STUDENT SERVICES**

For a student to be eligible for speech services, they must demonstrate a communication disorder such as stuttering, impaired articulation, a language impairment, or a voice impairment that adversely affects a child's educational performance.

### **School Psychologist:**

The basic objective of a school psychologist is to help increase the efficiency of the learning environment so students will grow and mature into adults who can function more comfortably and efficiently with themselves, other people, and their world. The psychologist conducts diagnostic studies of students and their environment. ## NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("adult students") certain rights with respect to the student's education records. They are:

(1) The right to inspect and review the student's education records within 45 days of the District's receipt of a request for access.

Parents or students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or student of the time and place where the records may be inspected.

(2) The right to request amendment of the student's education records that the parent or adult student believes are inaccurate or misleading.

Parents or adult students may ask the Dover City School District (the "District") to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent or adult student, the District will notify the parent or adult student of the decision and advise them of their right to a hearing regarding the request for the amendment. Additional information regarding the hearing procedures will be provided to the parent or adult student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the District's Board of Education; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses educational records without consent to officials of another school district in which a student seeks to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:
